Ficha viaje

Experience the Azores - SeaWatch

Resumen del viaje

SeaWatch

On board of our boats there we give you the possibility to watch the magnificent South Coast of S. Miguel Island and observe marine birds, flying fishes, turtles, dolphins and whales, in their natural environment. Since we are only guests visiting the environment of these fantastic animals, we consider our trips a real expedition, not a simple excursion. Once we get to Caloura, a typical lunch is served in a local restaurant.

Schedule

- 8.30 am - Meeting point in Picos de Aventura's office
- 9.00 am - Observation of Cetaceans and Marine Life
- 12.30 pm - Lunch in Caloura (a local restaurant)
- 3.00 pm - Return trip
